

CAM FIRESAFE CO., LTD.

**YOUR PARTNER IN RISK MANAGEMENT
SOLUTIONS & WORKPLACE SAFETY**

COMPANY PROFILE

ABOUT US

Cam FireSafe has been operating since 2021, but our experience in providing risk management solutions extends over 12 years. Whilst our head office is located in Cambodia, we also have an office and training center based in Thailand that allows us to provide 'international standard' risk management solutions to both our Cambodian and regional customers.

With both highly experienced local and foreign staff, we provide solutions that meet the regulatory requirements, that are cost effective, follow global best practices, and ensure your equipment works first time and every time when it matters the most.

We commit to providing honest and reliable services that add value to your businesses at a competitive price.

- We act with integrity and maintain the highest ethical standards
- We are environmentally and culturally responsible
- We care for the health and safety of our employees and customers
- We actively support the communities in which we do business

CEO's Message

“ We continue to grow in the region, thanks to the continued support of our loyal staff, customers and suppliers.

We take a professional approach to all services we provide and ensure we act responsibly, honestly and respectfully in all aspects of our day-to-day operations.

We continue to strive to be the benchmark provider of risk management solutions in Cambodia and the ASEAN region.

Chivorn Savey
